2039+	80	\$2,551.34	\$30,616	\$16,407	\$0

\* Amount at the anniversary of the first payment

\*\* Amount calculated with a tax rate of 46.41%

### Description of calculation of the contract value at death of the annuitant

#### Prior to the date of the first annuity payment:

The contract value at death is the return of premium with interest at 0% per annum.

#### On or after the date of the first annuity payment:

The contract value at death is the commuted value of the value of the remaining guaranteed annuity payments, calculated in accordance with Company rates then in effect. For illustration purposes, the commuted values were calculated at each policy anniversary with interest rates in effect at the time of the illustration. The value may differ at the time of death.

## Advantages of a Desjardins Financial Security life annuity

Want to be able to count on **regular, guaranteed** income during your retirement? With a life annuity, you'll get payments at set intervals for your entire lifetime.

### With a life annuity you get:

- Guaranteed periodic income for life
- Shelter from market fluctuations
- Worry-free investment management
- Eligibility for pension income tax credits
- A reliable supplement to your Registered Retirement Income Fund (RRIF)
- Protection from Assuris against the financial failure of the life insurance company
- Levelling taxable income in the case of a prescribed annuity

### And you can choose from the following options:

- **Indexed annuity:** To offset inflation, each year your payments will increase by a set percentage (from 1% to 4%) as indicated on your contract application.
- **Joint-life annuity:** After you die, your spouse will continue to receive annuity payments for life.
- **Guarantee:** Depending on the type of annuity and the type of guarantee, a portion of your capital will be protected
- **Adapted annuity:** Provides guaranteed income for life if your life expectancy is reduced due to an illness.

## Choosing Desjardins...

is choosing Desjardins Group, the largest cooperative financial group in Canada, whose financial stability is recognized by the following credit ratings which are comparable, if not superior to those of the five largest Canadian banks and insurance companies:

- Standard and Poor's A+
- Moody's Aa2
- Dominion Bond Rating Service AA
- Fitch AA-

## Acknowledgement of receipt

This annuity projection report is valid for 1 business day from the rate effective date.

I have read the projection report and the explanations. I fully understand the features of the product and am aware that the projected values may change in relation to market rates in effect at the time both the contract application and funds are received and accepted. I also understand that the contract application must be received within five days of the date of this report and that the funds or the signed rate guarantee form must be received within this same period. If these criteria are not met, the annuity will be calculated based on the rates in force at the time the funds are received.
